

Personal Injury

Expert advice,
close to home

At Stringer Clark we believe money should not affect your right to expert legal services for a personal injury claim.

If we believe that your personal injury claim is justified, we will provide financial support until the matter is resolved.

If your claim is successful, you pay competitive costs for our specialist services. If in the unlikely event that your claim is not successful, you will not receive a bill from Stringer Clark for professional service costs provided.*Conditions apply

However, you would be responsible for payment of any out of pocket expenses including: Expert witness fees, Goods and Services Tax (GST), Court filing fees and Government charges.
